

To Our Patients,

To maintain current guidelines set forth by our county, Dental Bliss Hermitage has adopted several practices regarding Covid-19 and office safety. We have adopted these practices to support the health and safety of our patients and staff, and kindly ask that patients adhere to the following practices:

**New Patients:**

- We currently request that all new patients fill out necessary paperwork online prior to your appointment. This allows us to see you as quickly as possible, while limiting wait times and person-to-person contact.

**New and Existing Patients:**

- Please wait in your vehicle until the time of your appointment. When your appointment time arrives, please call the office, and one of our staff members will step outside to escort you to your seat. Upon entry, we will conduct a non-invasive temperature check.
- Please keep a mask on at all times outside of the operatory, such as when visiting the restroom, or waiting for your appointment to begin. In addition to wearing a mask, we ask that all patients use appropriate social distancing measures, and use hand sanitizer as necessary.
- We ask that all patients reschedule appointments if they are feeling ill, or are currently experiencing symptoms, such as coughing, fever, malaise, or any additional symptoms associated with Covid-19, or have recently been exposed to the virus. If you find yourself coming down with symptoms or have a known exposure, we are more than happy to reschedule your visit, and ask that you call the office as soon as you are able.
- Please leave family members and friends at home during the time of your appointment: to maintain social distancing guidelines, we are not allowing family members to accompany patients during visits at this time.

**To further ensure the health and safety of our patients and staff**, Dr. George has received the Covid-19 vaccine, and is currently up to date on all safety policies and procedures regarding proper sanitation and protective measures.

Thank you for your understanding! We appreciate your help and support in keeping our office open and our patients and staff healthy and safe.

Sincerely,

The Dental Bliss Hermitage Team
